

Mohawk Finishing Products Summer 2012

Welcome to Mohawk's Summer Newsletter. We are excited to show you the new products that we are now offering.

This is a great time of the year to take one of our Training Classes. It's time to learn some new techniques from the Wood Industry's leading professional trainers. We have these classes all over the US, see below for our schedule.

NEW! Designer Series Stains

Mohawk Designer Series Stains are unique colors that enable deep, rich, intense color development in one application that previously may have taken multiple color steps to achieve. These rich stains can be sealed in as little as 30 minutes.

Designer Series Stains are available in 6 colors and are packaged in single gallon containers. The stain colors may be blended together to create custom colors.

Announcing!

Post-Catalyzed White Sealer

M615-1067 & M615-1068

Mohawk's Post-Catalyzed White Sealer is a high performance, catalyzed white sealer that offers maximum moisture resistance with excellent hide and sanding characteristics. Post-Catalyzed White Sealer dries and sands quickly and may be topcoated with Mohawk's DuraCoat™ Pre-Catalyzed Clear or White Lacquer, Ultra® White or Ultra® Clear Conversion Varnish. Post-Catalyzed White Sealer is a perfect choice for priming cabinets, millwork and MDF.

Post-Catalyzed White Sealer catalyzes at a rate of 8 ounces per gallon with the M615-701 catalyst and has a pot life of 8 hours. Custom colors may also be created by tinting with M844 Xpert™ Colorants. It is available in single gallon and 5-gallon pail containers. Solids: 54%

Advantages:

- Quick Drying
- Easy to sand
- Excellent adhesion
- 550 VOC compliant
