#### DIRECTIONS:

Cleaning Directions: Remove furniture, rugs, etc. Before application, wipe up all food and liquid spills and sweep or vacuum floor. Application directions: For use, spray a light mist over a 6 ft. x 6 ft. (or smaller) square area. Do not pour cleaner directly on the floor. Make light even strokes with a soft cloth or applicator pad to get the desired results. Sponges, string mops or saturated cloths are not recommended. Spray and clean one small area at a time until you have cleaned the entire surface. For best results, rinse with clear water and dry afterwards. Heel marks and heavier dirt marks can be removed with a cloth soaked with Hydro Cleaner. After drying, use Hydro Care to maintain your floors. For best results: Always test in an inconspicuous area prior to use.
